Action Agenda

The following agencies recertification applications were reviewed and approved.

- **Mary Haven Youth Center**(BA approve, SW seconded)
- **Community Teaching Homes**(SW approved, TD seconded)
- **Cleveland Christian Holmes**(JB approved, SW seconded)
- **Mid-Ohio Psychological Services** (TD approved with the condition that the new ODMH certificate be sent when received. JB seconded.) The new certificate expires May 09, 2017.

Initial Certification approved:

- **Signature Health: The Awareness Program**

The following agencies were reviewed and **Non-Compliant approved:**

Ohio Teaching- e-mail sent seeking clarification on some of the language (unique services), elaborate on transition program, using language from 5139.6903(F). A question regarding if agency actually conducts assessments.

Northern Ohio Juvenile Community Corrections Facility - Several requests have been made to Director Collins requesting further information on staff training. She also needs to elaborate on the transition program. Due to the length of time between the original recertification application and non-compliance status, any recertification will show a lapse. Director Collins was made aware of this via e-mail and by phone.

Discussion:

- **Children's Resource Center** had the following question: Assessments which render a diagnosis of mental and emotional disorders are conducted by

independently licensed professionals operating within their scope of practice (Phillip Flauto) Dr. Dent committed to respond via e-mail.

- Board members would like a copy of the rules for the next meeting. I agreed to provide them.
- **Ms. Stephanie Weeks was voted Vice- Chair of the Board.**
